A3 All authors and co-authors must state their correct affiliations in the paper.
A4 Papers submitted after the last date of submission may not be considered by the Organizing Committee.
A5 All papers go through a peer-review process by subject-expert reviewers.

A6 IASTEM may choose not to publish the e-mail addresses of authors or co-authors online.

A7 After registration, IASTEM will not add, modify or delete any author's or co-author's name in the paper without a No Objection Certificate (NOC) from all authors and co-authors listed in the paper.

A8 IASTEM does not publish unregistered papers received for its conferences.

A9 IASTEM is not responsible for verifying the authorship of a paper. The person who submits the paper will be treated as its original author.

A10 If IASTEM receives a complaint about the authorship of a paper and its management team finds it valid, the paper will be suspended from publication immediately.

A11 IASTEM will not republish or distribute any suspended paper from the date of suspension.

A12 Visa information: It is the delegate's sole responsibility to check the visa requirements of the host country (United Arab Emirates) and to apply for a conference visa, if necessary. A visa invitation letter can be issued only after successful registration. IASTEM is not responsible for obtaining any kind of visa, will not contact any embassy or send letters on behalf of participants, will not share any local person's contact details, and will not issue a letter of guarantee for obtaining a visa.

A13 Failed visa applications: If a visa application is rejected, the registration fee will not be refunded. However, the registration fee may be transferred to another conference.

A14 IASTEM does not act as guarantor for any participant during their visa period in any country.

B - Attending IASTEM International Conferences

B1 All participants must register before arriving at the venue by paying the fee stated on the registration page of the official conference website (https://icfns.org/conference_registration.php), or as specified in a written letter from the Organizing Secretary.

B2 Participants should regularly follow the official conference website for the latest information about the event.

B3 The organizer may change the venue and date at any time before the conference. In such a case, only registered participants will be informed by e-mail and phone.

B4 IASTEM is not responsible for refunding travel tickets or any other financial loss to participants if the conference is cancelled or rescheduled. If IASTEM cancels the event, 100% of the registration fee is credited for use at another IASTEM or allied event within one year.

B5 Transfer: Fully paid registrations can be transferred to another person from the same organization only up to 30 days before the conference, by written request to info@icfns.org with the replacement's full name, title, phone number and e-mail.

B6 Online conference: IASTEM may move the conference fully online due to unforeseen circumstances (such as a pandemic, travel restrictions or natural disasters). In such a case, no registration amount will be refunded.

B7 Virtual participants must not share their online conference login ID and password with anyone who is not registered.

B8 Virtual participants must switch on their video camera while presenting and during the group photo.

B9 In-person participants must bring an original photo ID (passport for international participants) to the conference. Participants without valid ID will not be allowed to attend.

B10 If conference kits run short, the organizing team may not provide a kit at the venue. In such cases, IASTEM will send the conference kit by post/courier after the conference.

B11 Participants who arrive at the venue after the reporting time will not be allowed to present or participate in the conference.

B12 Participants must not use the event for protests, political activism or any activity unrelated to the conference.

B13 Participants must not engage in any kind of violence inside or outside the venue before, during or after the event.

B14 IASTEM reserves the right to publish photographs and recorded videos of the conference on any platform, including social media and YouTube, for promotion and record purposes.

C - Publication in Scopus / Web of Science and Associated Journals

C1 IASTEM reserves the right to select papers from the conference for publication in international journals.

C2 Publication in Scopus-indexed, Clarivate WoS or other associated journals/proceedings: on the author's written request, IASTEM can submit the paper to such journals. Additional charges apply; the author will have to pay the publication cost/APC of the particular journal. Review and publication may take 1 to 12 months.

C3 IASTEM acts only as a mediator for publication in associated journals. Authors are encouraged to verify the journal's home page and indexing, using their own sources, before giving any paper to IASTEM for processing.

C4 It is the author's sole responsibility to check the journal's ISSN, indexing and impact factor on the journal's home page, Scopus, WoS or other sources.

C5 Conference proceedings are submitted to the Web of Science Book Citation Index (BkCI) and Scopus for evaluation. Indexing is decided by those agencies and is not guaranteed.

C6 IASTEM is not responsible if any journal is later discontinued or declared a clone/fake journal by Scopus, WoS or any indexing or government agency. No money will be refunded for papers published in such journals.

C7 Fees paid to attend the conference will not be refunded if the registered paper is not selected for a Scopus/WoS journal, or if the author chooses not to publish in an associated journal after the conference.

C8 Authors must pay the hard-copy charges to receive a printed copy of a journal.

C9 The editorial board reserves the right to reject any paper for journal publication after the second round of review. If the paper is rejected, the conference registration fee will not be refunded.

C10 IASTEM reserves the right to select or reject any paper. The decision of IASTEM management will be final.

D - Plagiarism Policy

The plagiarism policy ensures that authors give due credit to other authors when referencing, and it protects the academic integrity of the research community.

D1 All papers submitted for publication are checked with plagiarism-detection software to verify their originality and similarity percentage. Papers that fail to meet the criteria are returned to the author for revision.

D2 If plagiarism is detected just before publication, the author will be given a chance to resubmit the paper after making the changes suggested by the editor. If the editor considers the plagiarism a major issue, the paper will not be considered further for publication.

D3 If plagiarism or a fake identity is suspected or detected after publication, the paper will be removed until verification is complete. If only a few paragraphs are plagiarized, the author will be given a chance to revise the paper.

D4 If IASTEM decides that plagiarism or a fake identity is a major issue in a published paper and it seriously violates the copyright of others, the paper will remain withdrawn, and the author may be blacklisted from IASTEM conferences.

D5 Authors who republish their earlier published work (self-plagiarism) will be dealt with by the same procedure.

E - Declaration

E1 IASTEM reserves the right to cancel a registration and withdraw a publication at any time if a participant/delegate violates IASTEM rules and regulations, and will take necessary action immediately.

E2 IASTEM reserves the right to publish, withdraw or modify a paper in the conference proceedings or journals at any time.
